Dear Yasmin

This letter serves to confirm acrodex Inc. is an IBM Business Partner.

IBM has different levels of Business Partners: Member, Advanced and Premier. All IBM Business Partners begin as members and are offered the opportunity to work towards and apply for Advanced and Premier designation. The criteria for moving to Advanced or Premier designation is based on objective and demonstrable achievements in customer satisfaction (based on an independent survey), competency (knowledge and expertise with IBM Products and Offerings), commitment (to the IBM value proposition) and contribution (meeting financial commitments).

Again for 2010, acrodex Inc. has achieved the designation level of IBM Premier Business Partner. This is the tenth consecutive year that acrodex Inc. has achieved this highest level designation from IBM.

Yours truly
